## LETTER OF RECOMMENDATION

This is a letter of recommendation in support of ZORAWAR SINGH DHESI. I have known him for the last two years as a student in my class. He was a good student and extremely conscientious about his work and about attending classes. He has always taken keen interest in all his project work in MATHEMATICS & SCIENCE. He showed outstanding performance in every assigned task, which resulted in his excellent grades.

In addition, to what I know about him from our direct interaction in academics, I'm aware that he has reached unique achievement in all his project works. His project work in MATHEMATICS on – PROBABILITY - (To explain the computation of Conditional probability of a given event A, when event B has already occurred, through the example of throwing a pair of dice) showed his superb accomplishment.

Considering his performance in all subject, I found him to be a smart, diligent and innovative student. He was always able to use all his knowledge and intelligence to solve the problems he faced. A highly motivated student, Zorawar offered good solutions for challenging problems and conducted his work assigned, with minimum guidance.

Being the Head Boy of the school he took great interest in all the fields to make his school reach higher heights. He was also the captain of Basket Ball boys Team & clinched numerous trophies and medals in the Inter house and "Inter school basket ball competition. Zorawar's pleasant , trustworthy and positive attitude could make nearly any work seem fun and interesting. As an excellent team leader he was looked up to by his peer and faculty.

Having witnessed his long track record of success and admirable character , I assure you that he will be a wonderful candidate for your prestigious institution

Wishing him all the best for his future endeavors.
